- **Lodging News:** The EcoHealth Student Section knows (from experience!) that lodging in London can be difficult to find so we thought we could see if there were conference participants living in London who are willing to act as hosts during the conference and get a headcount of who would be interested in staying with a local host. If you're interested in being a host, please feel out the [lodging host form](#), and we will do our best to match you with conference participants in need of housing. If you're interested in finding a host, please feel out the [lodging applicant form](#), and we will do our best to match you with a host. Please note that we will match on a first come-first serve basis and CANNOT guarantee housing. Additionally, the IAEH and/or the Student Section cannot be held responsible for lodging placements outside of the matching process.
- **Awards News:** Check out [this blog post](#) for information on Student Awards at the conference.
